In reply quote
No. C.1108-2

OFFICE OF THE SENIOR SURGEON,
MYSORE GOVERNMENT,
Dated Bangalore, the 9th January 1922.

Encl.

Telegraphic Address
"SENORGEN"

FROM

The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

TO

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

SIR,

Referring to paragraph 1(3) of G.O.No.G.23921-2-Med. 161-20-5, dated, 7th June 1921, I have the honour to state that it has been brought to my notice that the courses in Hygiene and Forensic Medicine could not be finished by the Lecturers concerned within the prescribed period of six months and that it is absolutely necessary to extend the period by another 3 months to enable them to complete the portions and impart to the students the required standard of instruction in those subjects. It has also been ascertained that the course in these subjects is of one year in the Royapuram Medical School. It is necessary to maintain the standard of instruction in our school at the same level (if not higher) as that in the Madras Schools and not to cut the courses shorter in any subject. I therefore request early orders raising the courses in Hygiene and Forensic Medicine from six to nine months.

2. In this connection, I may explain that the School year so far as Lecturing is concerned, consists of nine months from July to March and the Lecturers in these two subjects and in Chemistry and Physics and Materia Medica have no work after March

6)

March except, perhaps, in connection with the Board Examinations, for which, however, they get separate remuneration. In the other cases (except Ophthalmology Lunacy and Vaccination, in which the course is limited) clinical instruction is given during the vacation and so the Lecturers have to be paid throughout the whole year. I therefore request that the courses in Chemistry and Physics and in Materia Medica may be reduced from 12 to 9 months and the saving in the remuneration for three months of the Lecturers in these subjects may be applied to the grant of remuneration to the Lecturers in Hygiene and Forensic Medicine. Thus, the changes now suggested may be brought about without involving any extra cost to Government. Very early orders of Government are requested so that the Lecturers may continue their work till the end of March, without break.

I have the honour to be,

Sir,

Your most obedient servant,

V.A. Muthiah

VAM/BVA. Offg. Senior Surgeon.

Dear Sir,

In reply to your D.O. No. L.4242, dated, 28th January 1922, in the matter of increasing the - period of instruction in Hygiene and Forensic Medicine, I write to inform you that the recommendation was made, after the matter was represented to me by the Principal and the two Lecturers.

As the remaining lectures, in these subjects, are to be completed by the end of March next, very early orders may be kindly obtained.

Yours sincerely,

H. D. Mysorgar
